Partner Webinar Series:

Journey to Convergence

June 2024

© 2024 Cisco and/or its affiliates. All rights reserved.

Welcome

Today's hosts/speakers:

- Tracy Granlund, Program Manager
- Francesco Felicetta, Product Manager
- Jose Esquivel, Product Manager
- Echo Rantanen, Instructor Experience Manager
- Ben Jehring, Product Owner

Additional team members are helping answer questions in the Q&A

Agenda

- Digital Literacy offering
- Academy Orientation modules
- New functionality in May-July
- Convergence updates
- Learning Offerings & Decisions
  - Decisions to make
  - 10-month example
  - Class archiving
  - UI for CCNA 1
- Academy onboarding
- Roles at convergence
- Resources for instructors
- Q & A

Welcoming the New
DIGITAL LITERACY OFFERING

Digital Literacy Offering: A Huge Opportunity

In today's digital age, digital literacy is increasingly important for individuals to succeed in their personal and professional lives.

- According to the *World Economic Forum (WEF)*, by 2030, 9 out of 10 jobs will require digital skills.

- Entry-level digital skills, meaning basic functional skills required to make basic use of digital devices and online applications, are widely considered a critical component of a new set of literacy skills in the digital era, with traditional reading, writing, and numeracy skills. *Source Unesco: Digital skills critical for jobs and social inclusion*

- According to the ITU, when girls and women are connected and have digital skills, this leads to a positive impact not only for individual women and their families but society as well.

Digital Literacy NetAcad Offering: Goal

"Empower youth and adults with the knowledge to help bridge the digital divide and ensure that everyone has access to the opportunities and benefits the digital world has to offer, while having an awareness of potential risks and how to mitigate them."

Digital Literacy Offering: What

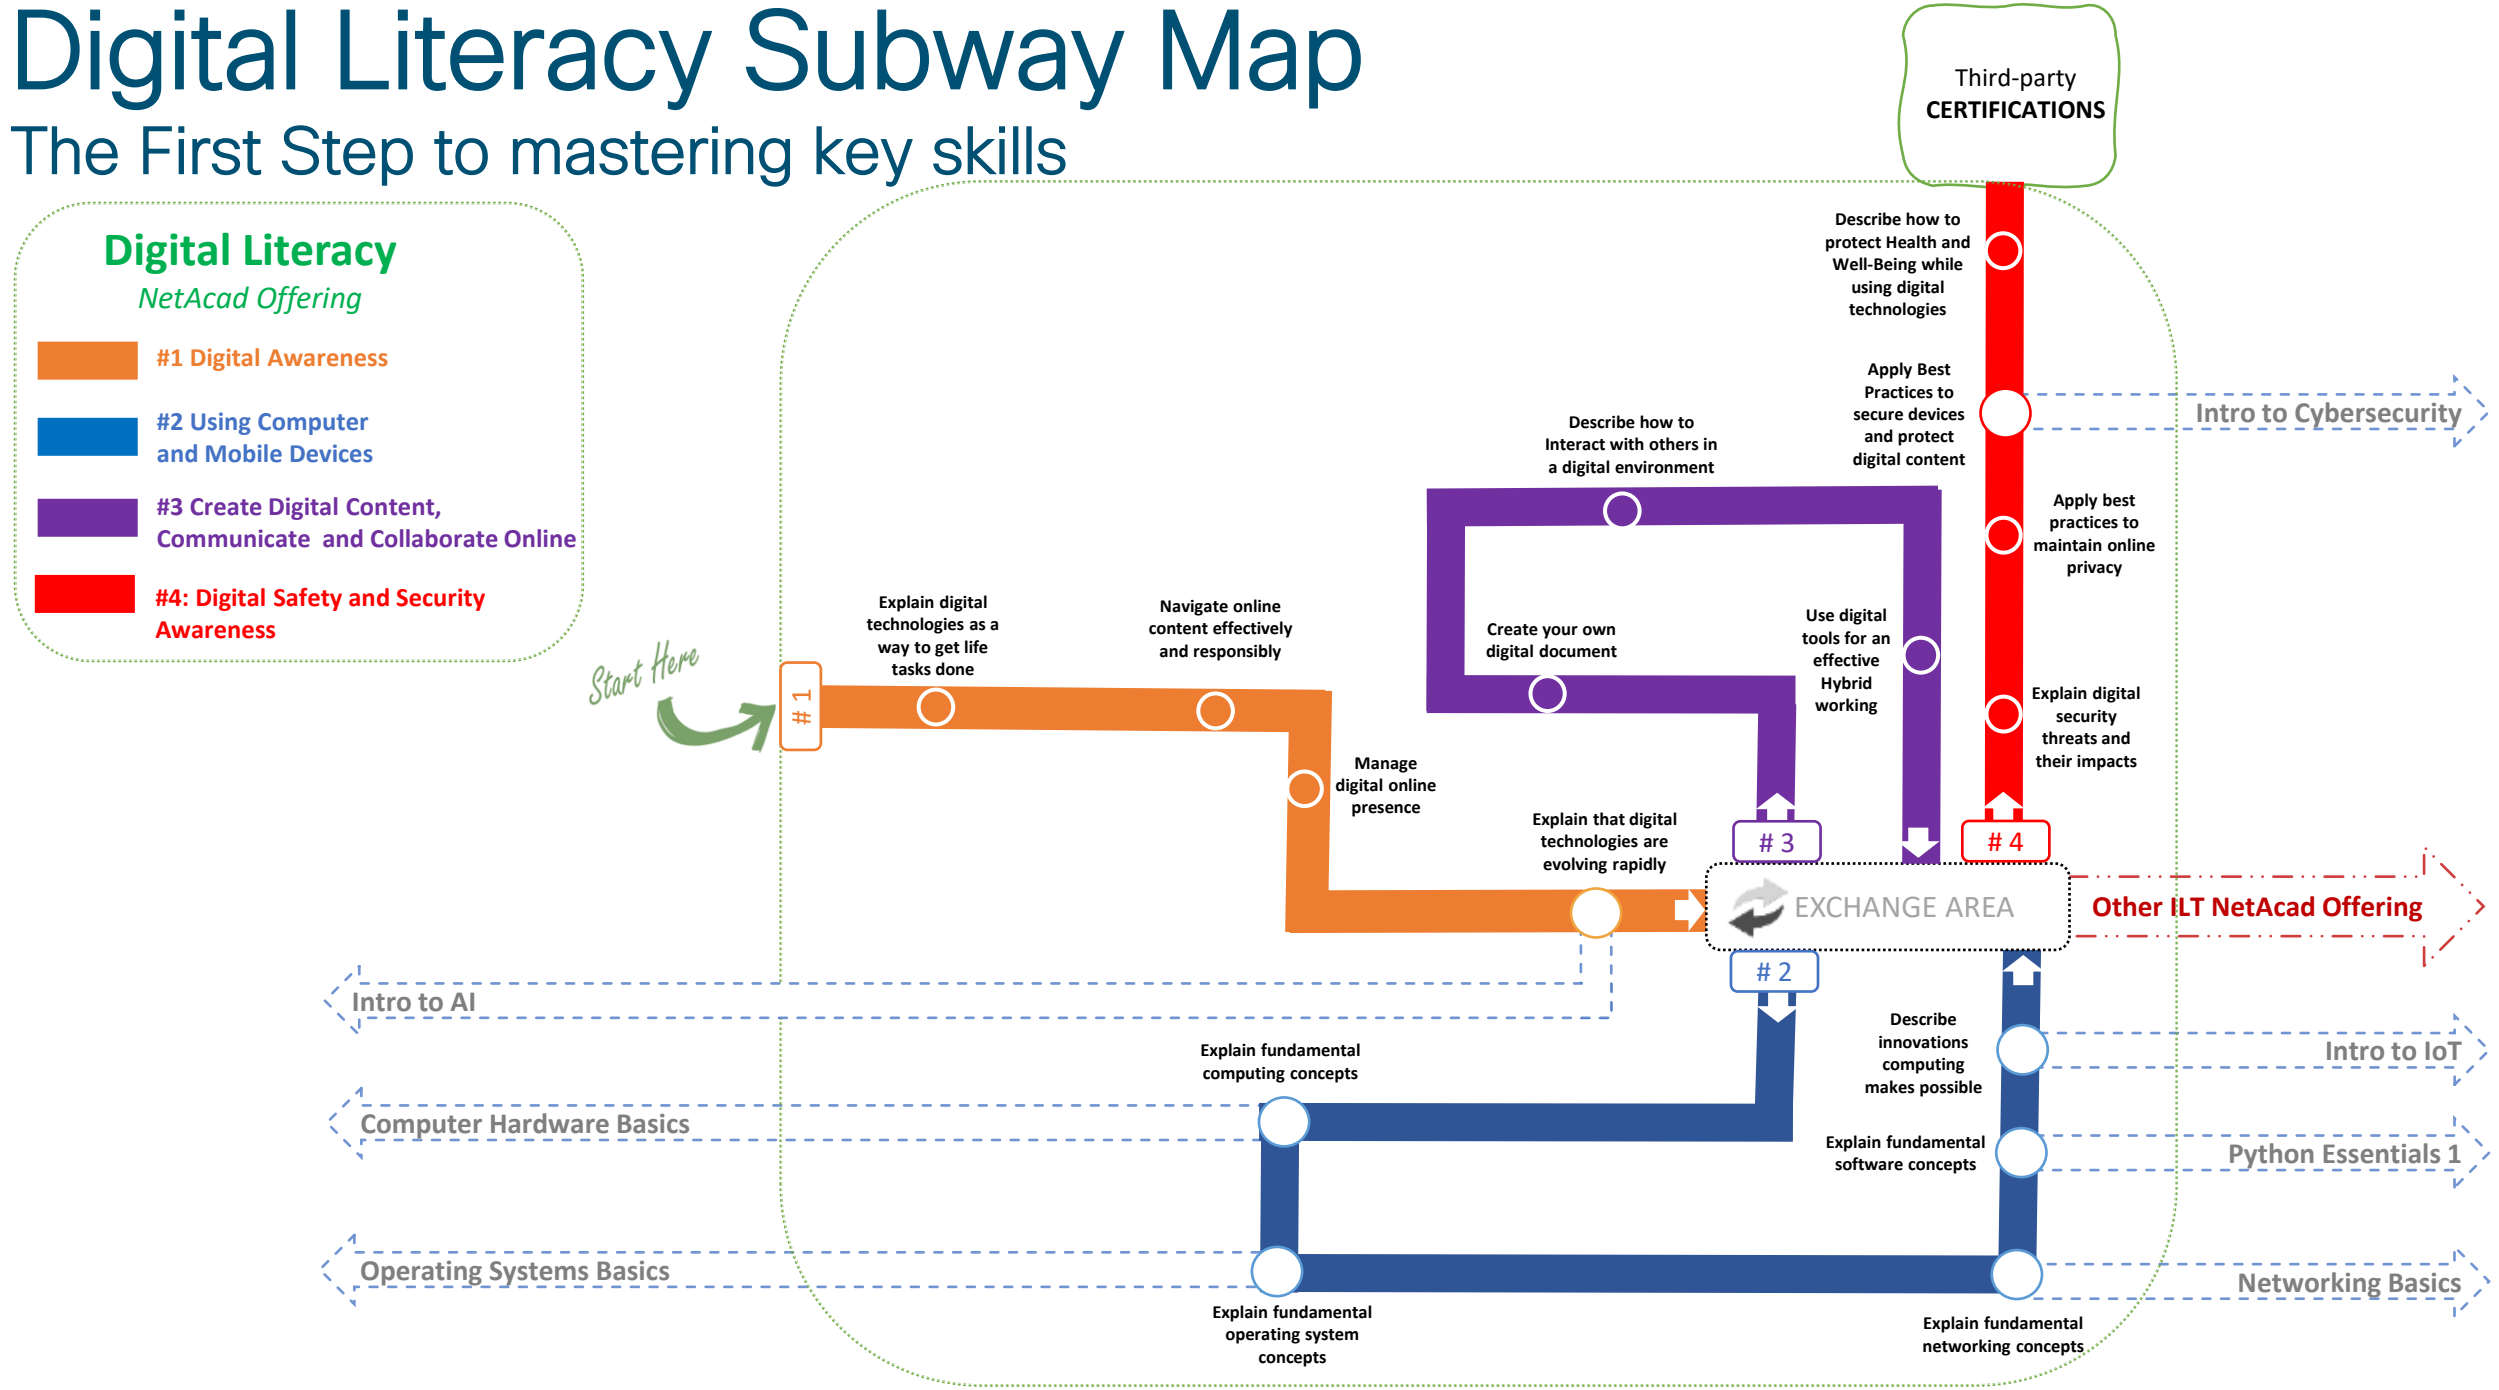
Our Digital Literacy learning collection, will offer a comprehensive and *engaging* approach to gain the knowledge and confidence individuals need to navigate the digital world effectively, efficiently, and responsibly

It will include 4 modular courses to help learners to customize their learning experience based on their individual needs and goals:

1) Digital Awareness (~6 hours)
   - Learn fundamentals of using digital technologies, their impact on society and work, and how to manage a digital identity.
2) Using Computer and Mobile Devices (~6 hours)
   - Learn basic skills on how to use computer and mobile devices (including some features, hardware, operating systems, and software) to access online services.
3) Create Digital Content, Communicate and Collaborate Online (~6 hours)
   - Learn basic skills on how create documents, communicate, and collaborate using digital technologies.
4) Digital Safety and Security Awareness (~6 hours)
   - Learn fundamentals of digital cyber threats, their potential consequences and how to improve your online security as well as how to protect your health and well-being while using digital technologies.

Digital Literacy Subway Map

The First Step to mastering key skills



Digital Literacy Offering: Key Features

- **Customizable:** Our Digital Literacy offering is modular, tailored to everyone's unique learning needs, and supplemented with guidance to other NetAcad entry-level courses where learners can further explore topics of interest

- **Interactive Learning Content**: We're planning to use a variety of interactive tools, such as widgets, drag and drop, quizzes, and simulations, to keep learners engaged and motivated.

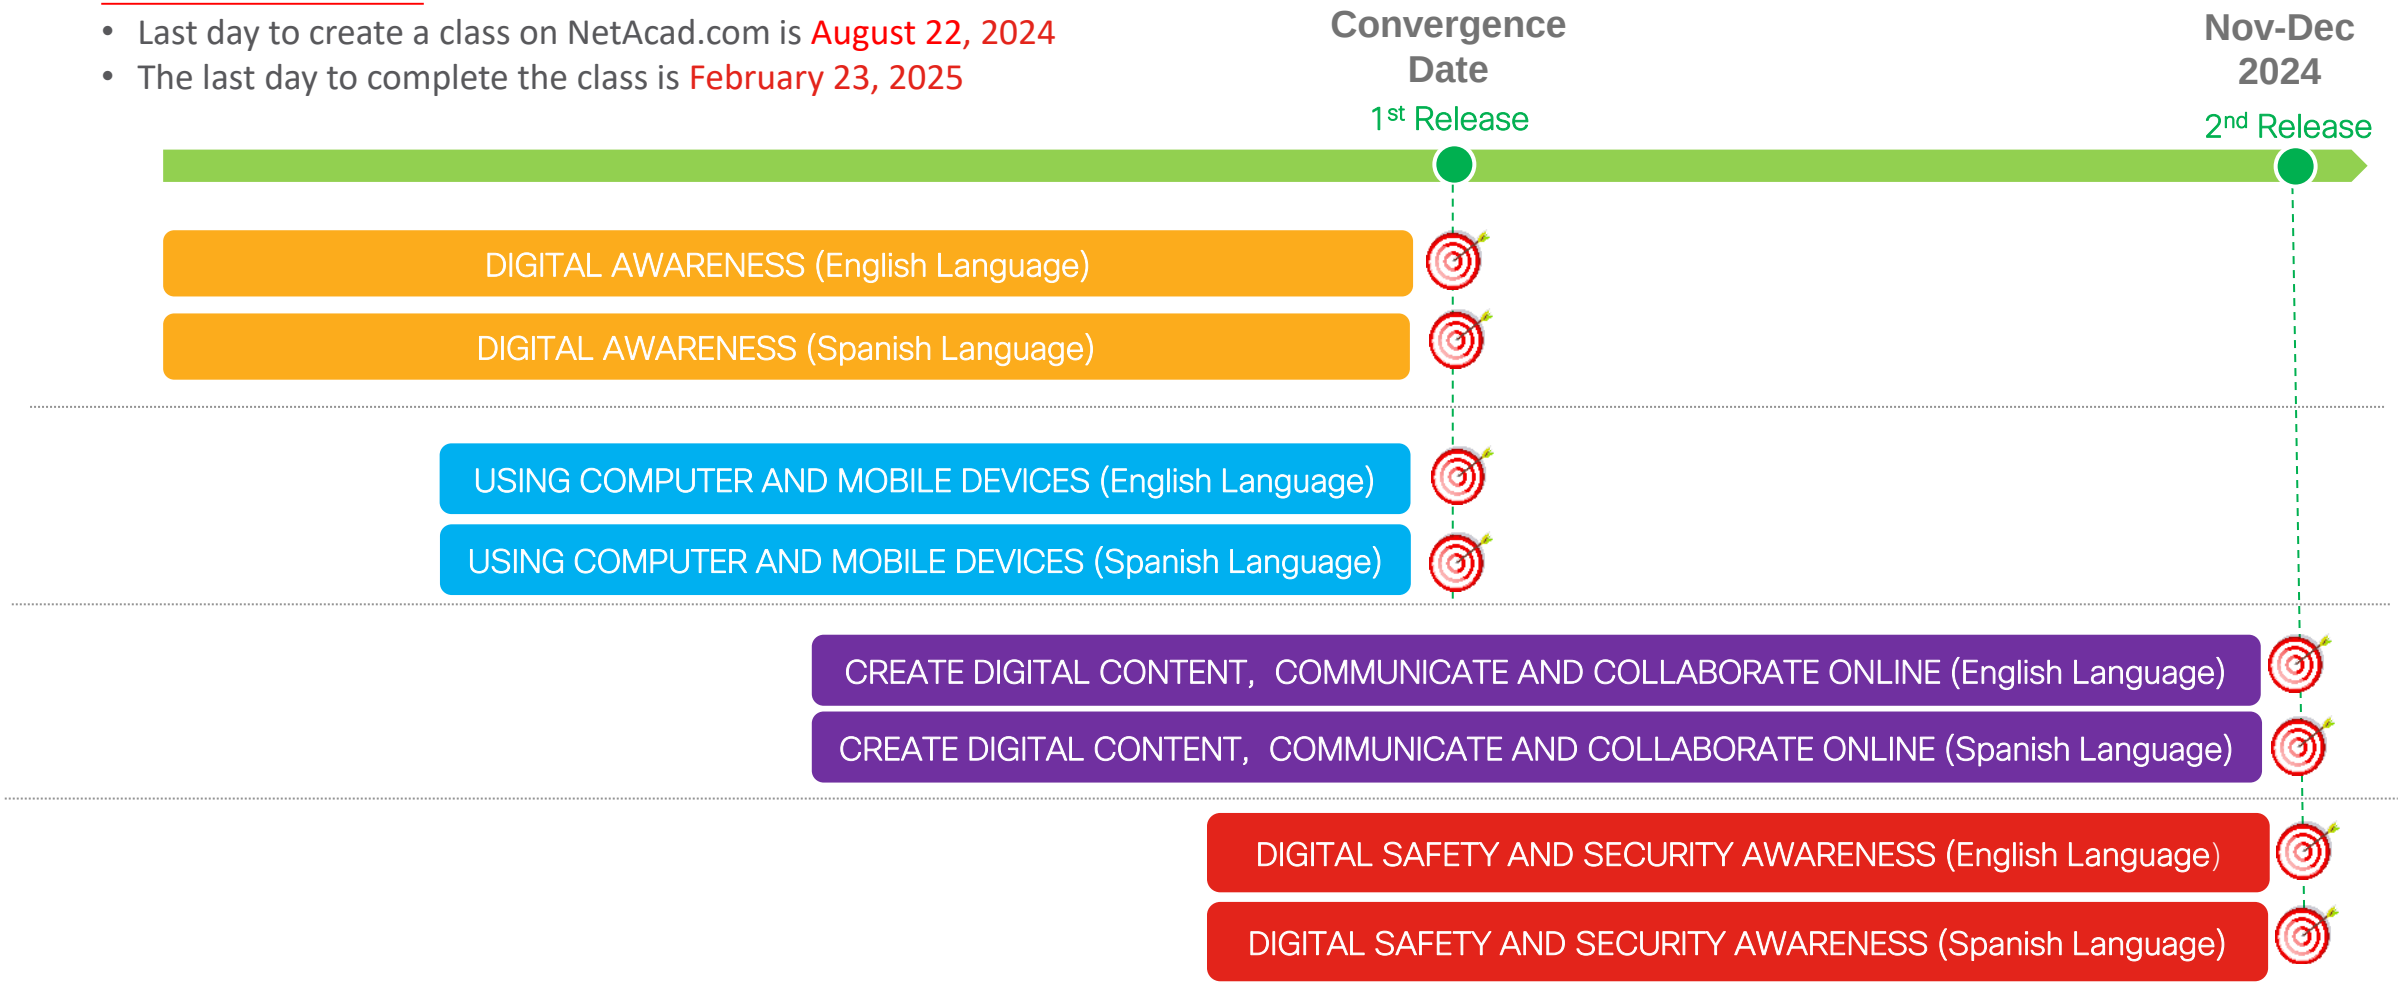
- **Framework Alignment:** Learning Objectives inspired by the Digital Competence (DigComp) Framework

Digital Literacy Offer Release Plan

SUBJECT TO CHANGE

GET CONNECTED EoL

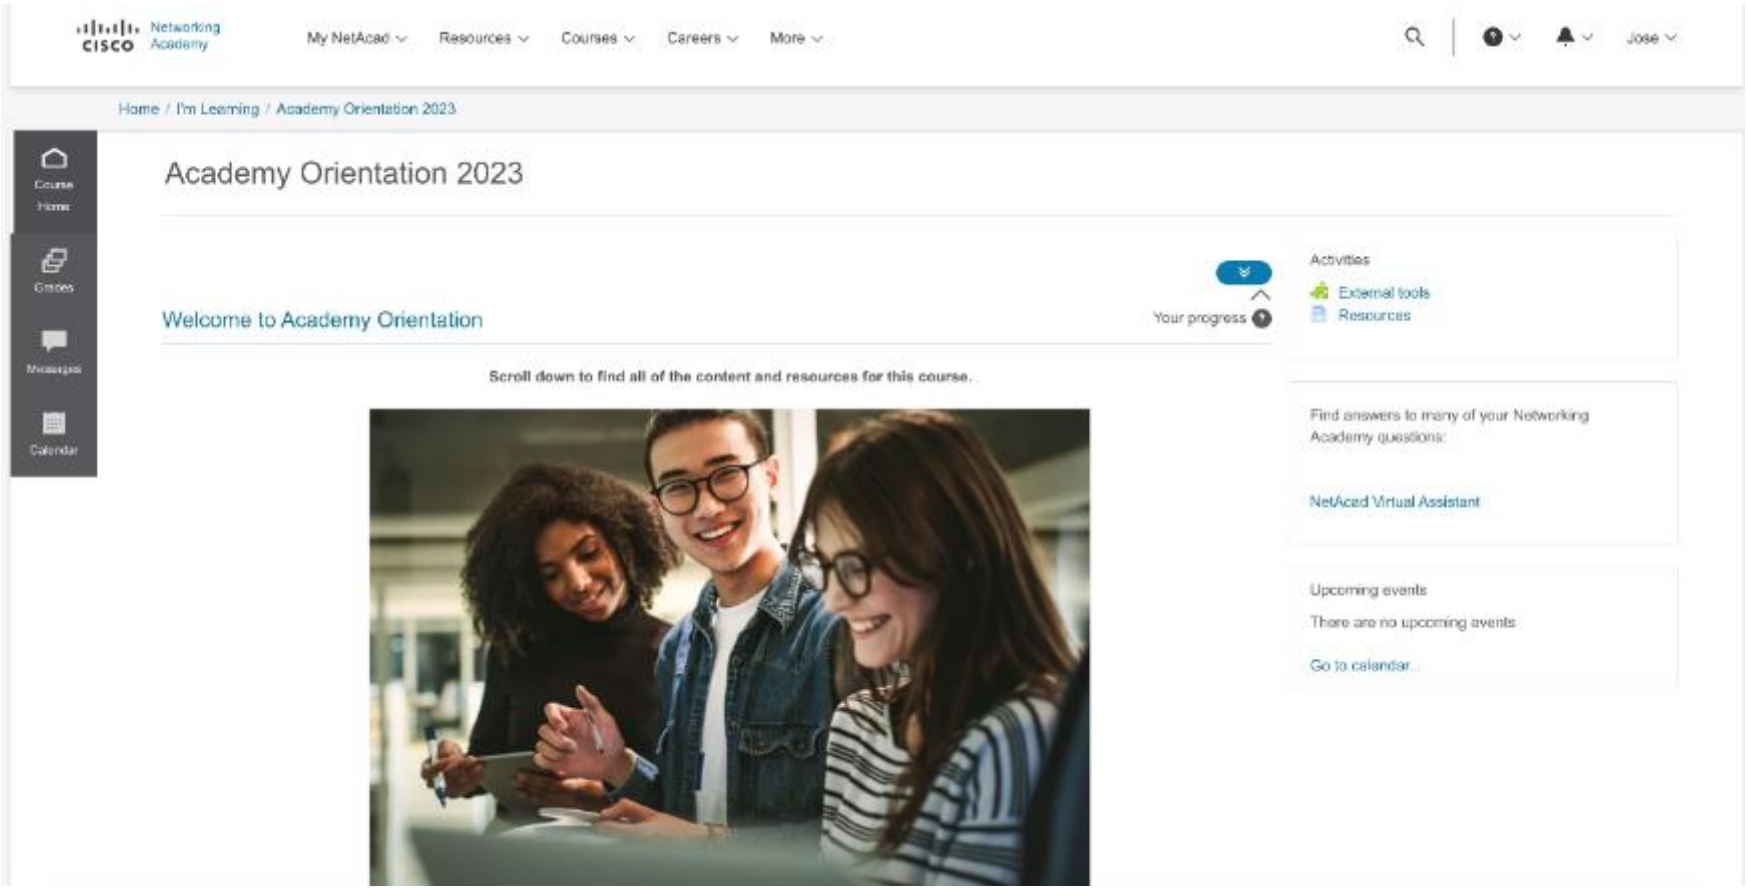
- Last day to create a class on NetAcad.com is August 22, 2024
- The last day to complete the class is February 23, 2025



Academy Orientation Modules

© 2024 Cisco and/or its affiliates. All rights reserved.

Current Academy Orientation Course



New Academy Orientation Modules

Draft

Module 1: Welcome to Cisco Networking Academy

Goal: Designed to welcome new instructors to Cisco Networking Academy

- Become familiar with the history and culture
- Understand the benefits
- Learn how the program operates
- Discover where to access resources

Target Audience: Focus on new instructors

Language: English

When: Release at Convergence

Module 2: Using the Platform to teach

Goal: Get users familiar with critical tasks required during complete lifecycle of class

- Explain use cases for main features
- Describe benefits of those features

Target Audience: New and existing instructors

Language: English

When: Release at Convergence

Draft

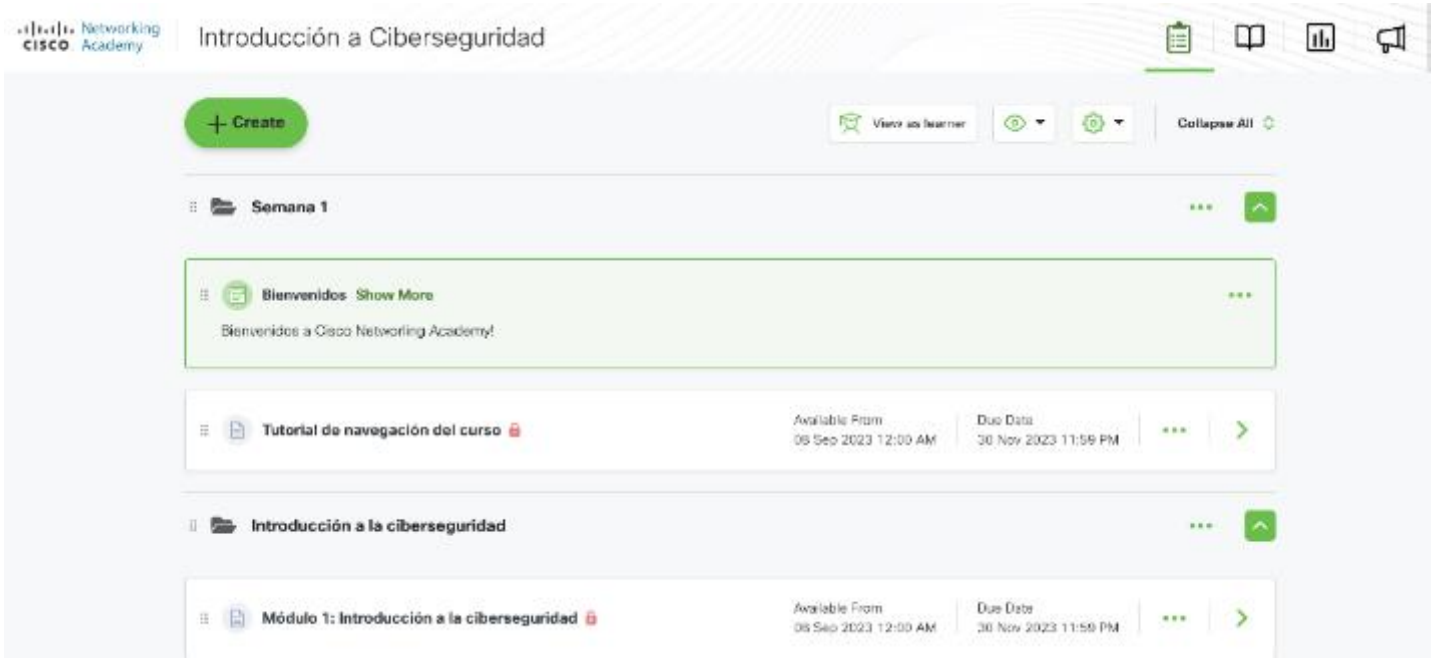
Module 1:
Welcome to Cisco Networking Academy

1. **Welcome to Cisco Networking Academy**
2. **Embracing our NetAcad culture and community**
3. **Understanding the benefits**
4. **How the program works**
5. **Resources and support**
6. **Next steps and action plan**

Module 2:
Using the platform to teach

Draft

1. **Student basic navigation**
2. **Profile Management**
3. **Creating classes**
4. **Managing Enrollments**
5. **Class management**
6. **Class messaging**
7. **Class customizations**
8. **Student Experience**



New Functionality May – July 2024

© 2024 Cisco and/or its affiliates. All rights reserved.

New & Upcoming Functionality on Skills for All

- Create custom assignments from course resources (May 31)
- Gradebook view – instructor can view student's last final attempt and see missed questions (May 31)
- Assessment attempt duration displays in gradebook for instructor (June TBD)
- Final Exam interface displays one questions at a time (June/July TBD)
- Final Exam duration within availability window (June/July TBD)
  - Availability sets the activation window and duration is the length of time to complete the assessment.
  - 00:00 is the default duration which equals unlimited amount of time.
  - A student can start the exam a few minutes before activation window closes and still have the full duration to complete the assessment.

Actions to take

Instructors

- Review course lists
- Save course customizations on NetAcad.com classes
- Create classes prior to convergence – Must be completed before **8:00 pm PDT** (UTC-7 hours) on Thursday, August 22, 2024

Academy Managers

- Download academy recognition certificates
- Update academy information for locator
- Remove staff who are no longer associated with your academy

All Users

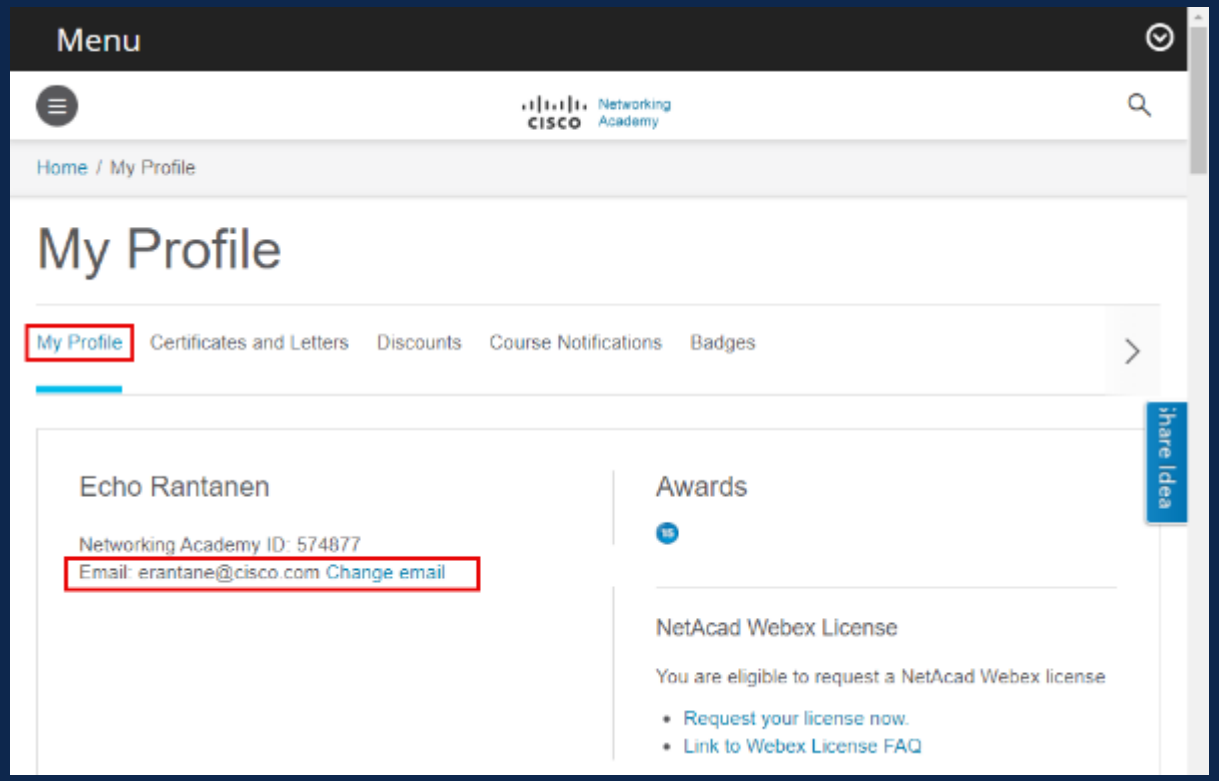
- Download personal recognition and course completion certificates

© 2024 Cisco and/or its affiliates. All rights reserved.

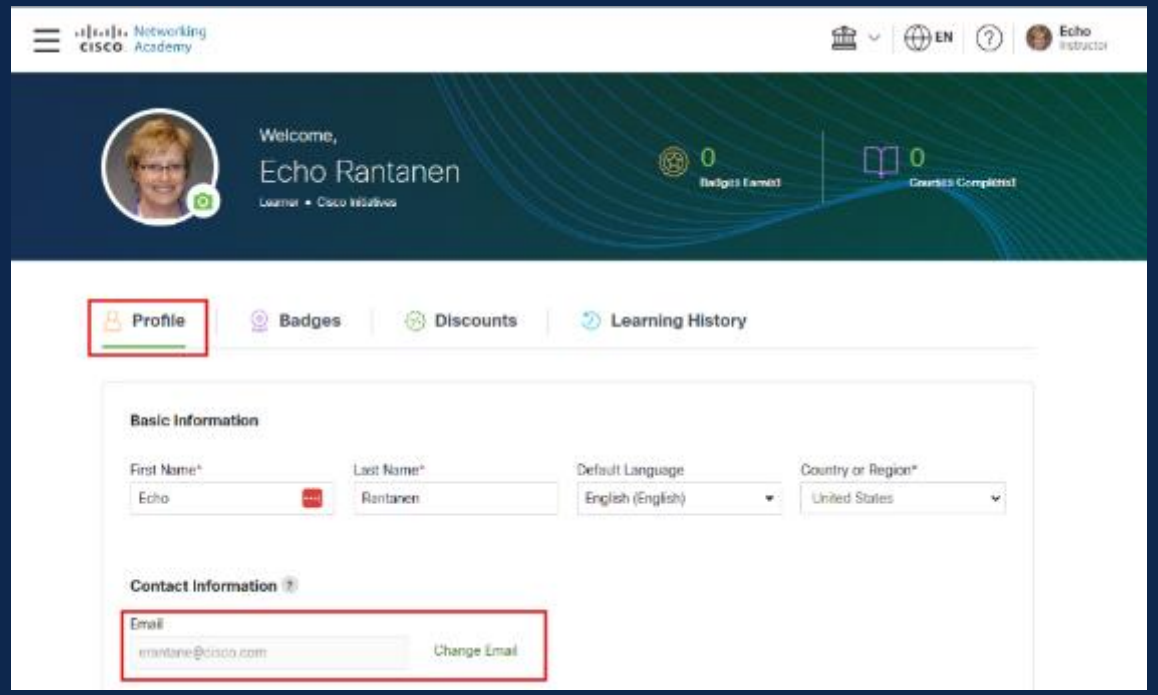
Account Unification Phase 2 updates

- All users can now change their email address if needed
- When they click the change email link, it will update for both platforms regardless of role
- After convergence email can only be changed on Converged NetAcad.com

NetAcad.com



SkillsForAll.com



Learning Offerings & Decisions

Helping instructors make decisions on when/where to open classes starting in August or September 2024

Course offerings in English at Convergence

Courses that will be available to create in English in the converged experience

Networking Academy

NETWORKING (12 courses)

- Introduction to IoT and Digital Transformation (SP only)
- Networking Essentials, version 3.0 (IL only, ASC)
- Networking Basics (IL and SP)
- Networking Devices and Initial Configuration (IL and SP)
- Network Addressing and Basic Troubleshooting (IL and SP)
- Network Support and Security (IL and SP)
- CCNA: Introduction to Networks (IL only, ASC, ITR)
- CCNA: Switching, Routing, and Wireless Essentials (IL only, ASC, ITR)
- CCNA: Enterprise Networking, Security & Automation (IL only, ASC, ITR)
- CCNP Enterprise: Core Networking (IL only, ASC, ITR)
- CCNP Enterprise: Advanced Routing (IL only, ASC, ITR)
- DevNet Associate (IL only, ASC, ITR)

CYBERSECURITY (8 courses)

- Introduction to Cybersecurity (newer version) (IL and SP)
- Cybersecurity Essentials, version 3.0 (IL only)
- Endpoint Security (IL and SP)
- Network Defense (IL and SP)
- Cyber Threat Management (IL and SP)
- Ethical Hacker (IL and SP)
- CyberOps Associate (IL only, ASC, ITR)
- Network Security (IL only, ASC, ITR)

AI & DATA SCIENCE (3 courses)

- Introduction to Data Science (SP only)
- Data Analytics Essentials (SP only)
- AI Fundamentals with IBM SkillsBuild (SP only)

DIGITAL LITERACY (2 courses)

- Planned* – Digital Awareness (IL and SP)
- Planned* – Using Computer and Mobile Devices (IL and SP)

*To be confirmed available at convergence

INFORMATION TECHNOLOGY (7 courses)

- Computer Hardware Basics (SP only)
- Operating Systems Basics (SP only)
- IT Essentials (IL only, ASC)
- Linux Unhatched (SP only)
- Linux Essentials (IL and SP)
- Linux 1 (IL and SP)
- Linux 2 (IL and SP)

PROFESSIONAL SKILLS (8 courses)

- English for IT 1 (IL and SP)
- English for IT 2 (IL and SP)
- Engaging Stakeholders for Success (IL and SP)
- Creating Compelling Reports (IL and SP)
- Discovering Entrepreneurship (IL and SP)
- Launching a Business Venture (IL and SP)
- Managing a Business Venture (IL and SP)

PROGRAMMING (10 courses)

- Python Essentials 1 (IL and SP)
- Python Essentials 2 (IL and SP)
- JavaScript Essentials 1 (IL and SP)
- JavaScript Essentials 2 (IL and SP)
- C Essentials 1 (IL only)
- C Essentials 2 (IL only)
- C Advanced (IL only)
- C++ Essentials 1 (IL only)
- C++ Essentials 2 (IL only)
- C++ Advanced (IL only)

PRACTICE (3 courses)

- Getting Started with Cisco Packet Tracer (SP only)
- Exploring Networking with Cisco Packet Tracer (SP only)
- Exploring IoT with Cisco Packet Tracer (SP only)

Legend:
IL = Instructor-led
SP = Self-paced
ASC = ASC alignment required
ITR = Instructor training required

This is a list of courses that will be available to create new classes after convergence on the new NetAcad.com.

This list is all the English language offerings. Many of these classes are or will be available in other languages.

50+ courses

© 2024 Cisco and/or its affiliates. All rights reserved.

List as of 22 April 2024
Subject to change

Course offerings only on NetAcad.com today

Networking Academy

Courses that are available ONLY on NetAcad.com today but WILL BE available to create in English in the converged experience. Depending on your course start dates and end dates, instructors will need to decide whether to open BEFORE 8:00 pm PDT UTC -7 hours on Thursday, August 22 to complete in the legacy experience or open beginning August 26 in the new converged NetAcad.com.

NETWORKING (6 courses)

- CCNA: Introduction to Networks (IL only, ASC, ITR)
- CCNA: Switching, Routing, and Wireless Essentials (IL only, ASC, ITR)
- CCNA: Enterprise Networking, Security & Automation (IL only, ASC, ITR)
- CCNP Enterprise: Core Networking (IL only, ASC, ITR)
- CCNP Enterprise: Advanced Routing (IL only, ASC, ITR)
- DevNet Associate (IL only, ASC, ITR)

CYBERSECURITY (2 courses)

- CyberOps Associate (IL only, ASC, ITR)
- Network Security (IL only, ASC, ITR)

INFORMATION TECHNOLOGY (5 courses)

- IT Essentials (IL only, ASC)
- Linux Unhatched (SP only)
- Linux Essentials (IL and SP)
- Linux 1 (IL and SP)
- Linux 2 (IL and SP)

PROGRAMMING (6 courses)

- C Essentials 1 (IL only)
- C Essentials 2 (IL only)
- C Advanced (IL only)
- C++ Essentials 1 (IL only)
- C++ Essentials 2 (IL only)
- C++ Advanced (IL only)

CLA: Programming Essentials in C will become

CPA: Programming Essentials in C++ will become

Legend:
IL = Instructor-led
SP = Self-paced
ASC = ASC alignment required
ITR = Instructor training required

This is a list of courses that can only be opened today on NetAcad.com but will be available to create new classes after convergence on the new NetAcad.com.

This list is all the English language offerings. Many of these classes are or will be available in other languages.

15+ courses

Any classes on the End-of-Life list are not reflected on this slide.

List as of 10 June 2024
Subject to change

Decisions for instructors to make

If you teach classes on NetAcad.com beginning late August or early September

Open your class prior to convergence and complete it in the legacy experience

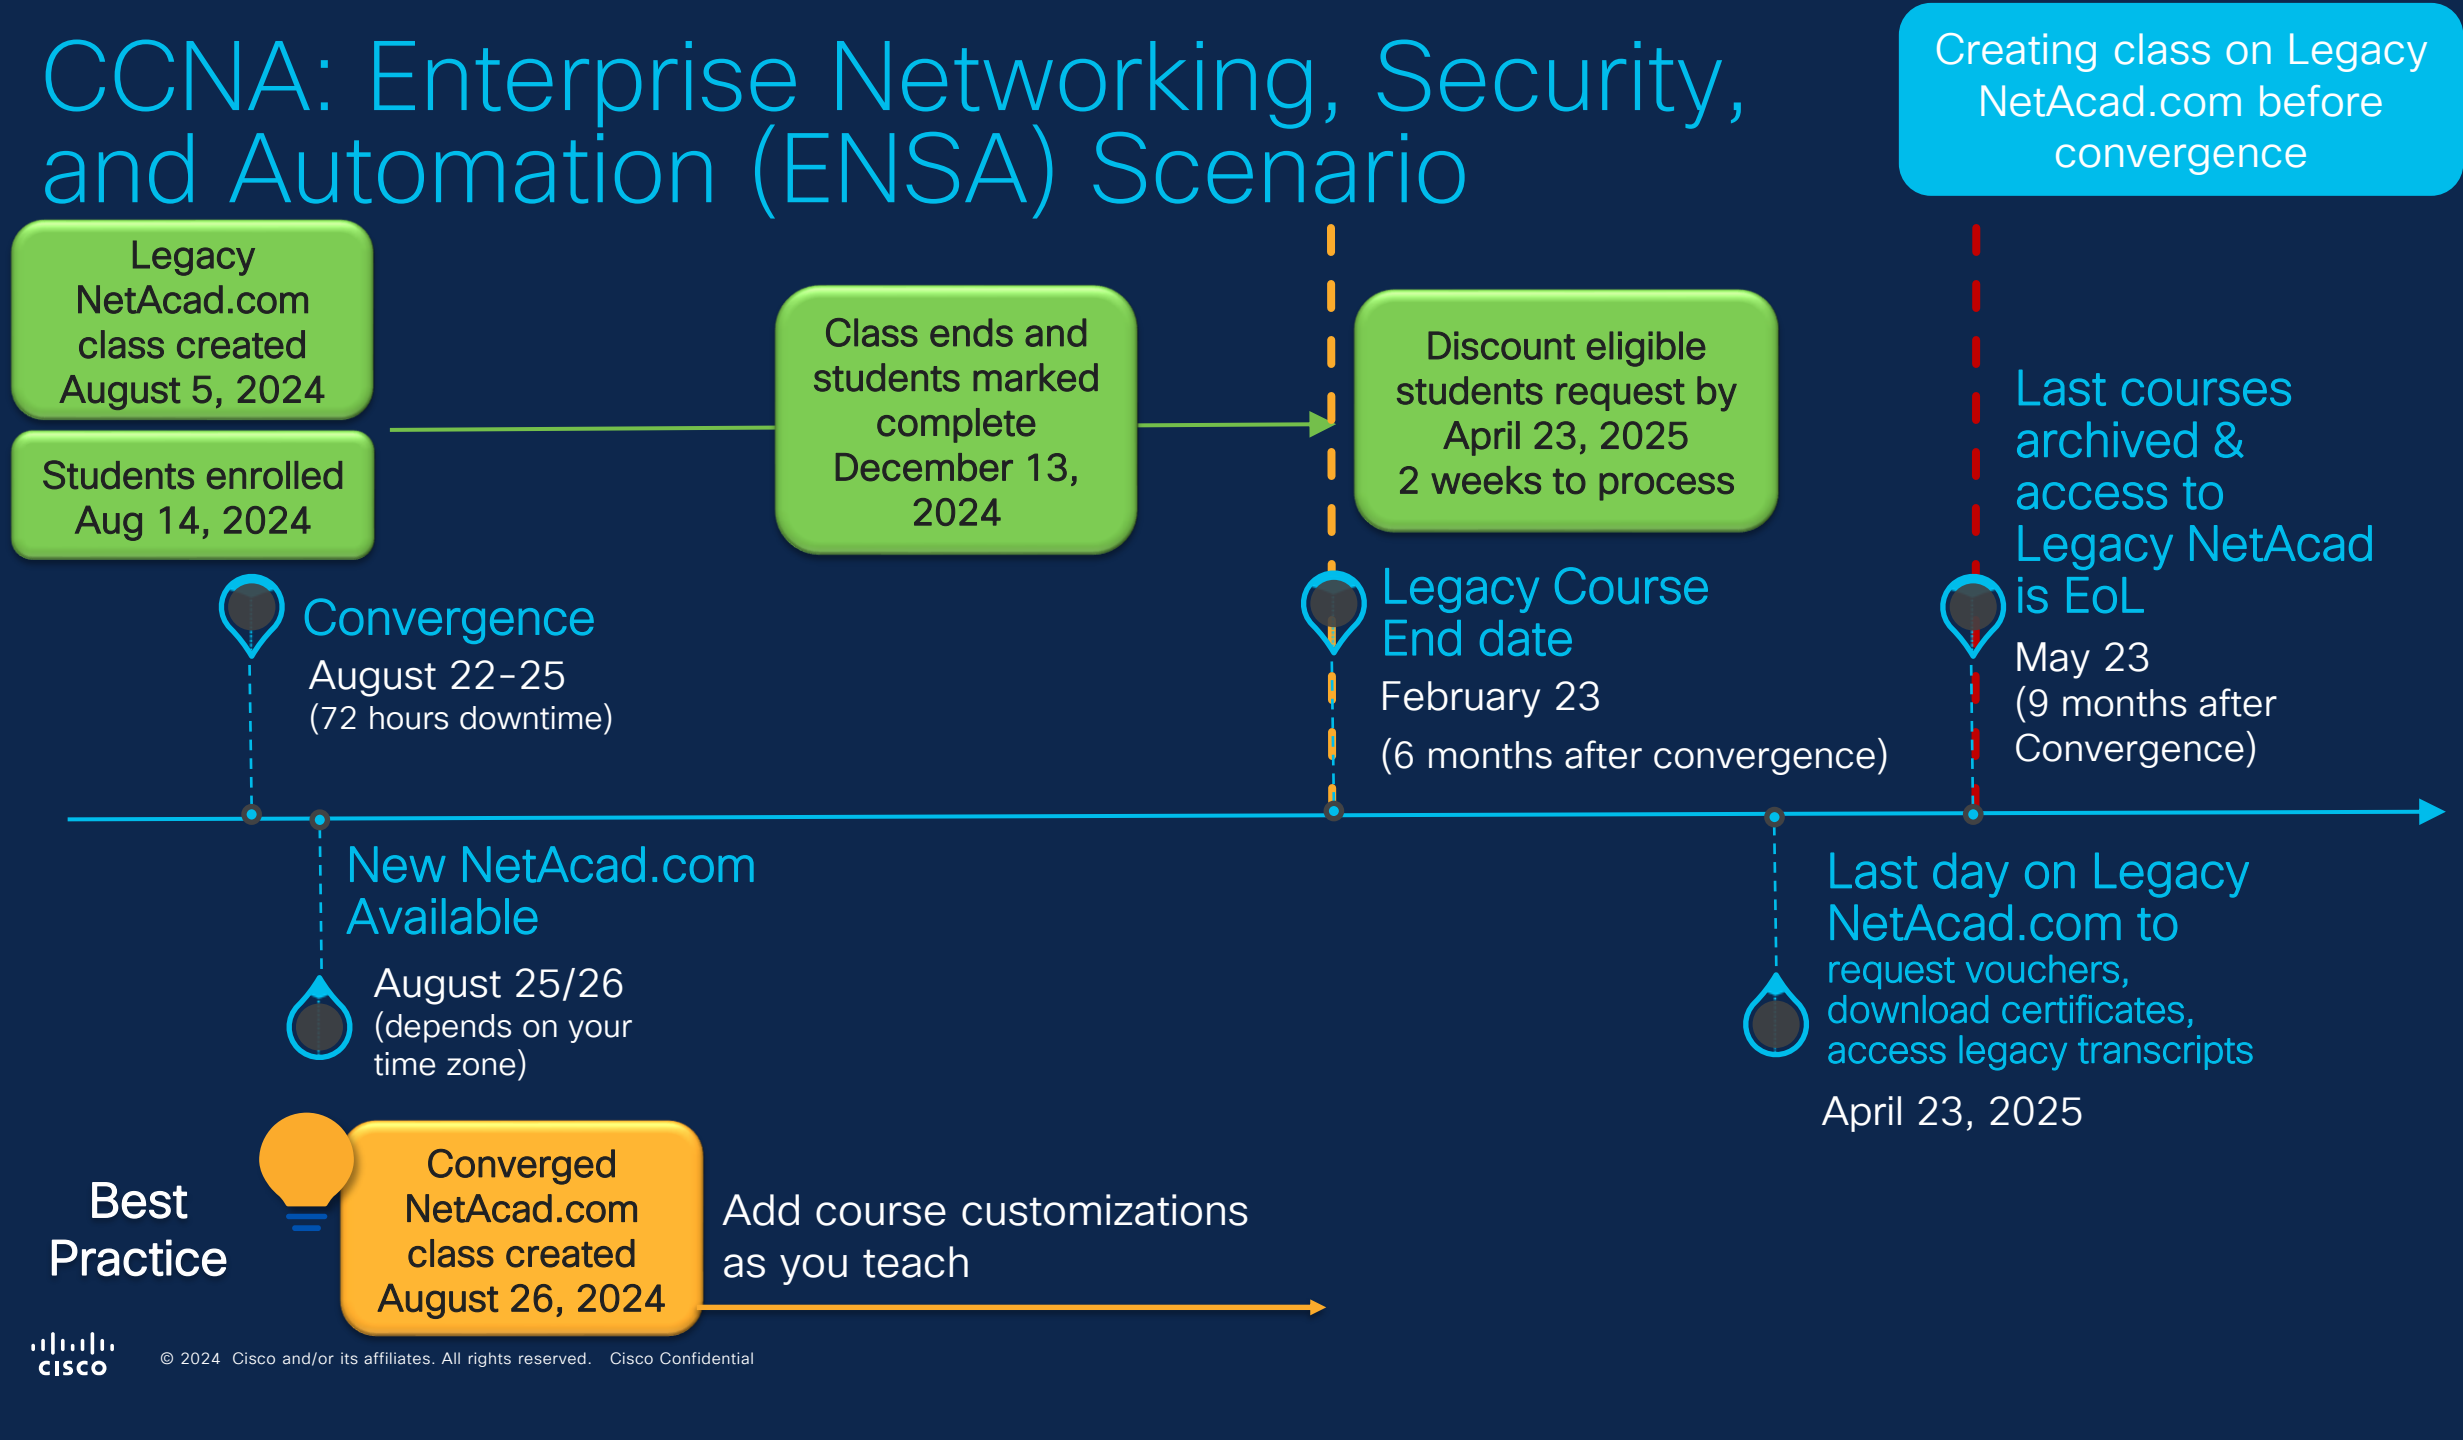
- Open the class before 8:00 pm PDT UTC -7 hours on Thursday, August 22, 2024
- Classes MUST BE completed and students marked as complete no later than February 23, 2025
- As your students complete classes in the legacy experience, those classes will only show up in their legacy profile during this transitional time

Open your class in the converged platform with the new educator experience

- Get familiar with the new experience today by opening an instructor-led class (even if it is not the class you teach)
- Preserve any class customizations
- Plan to give yourself a little time after you open a new class in the converged experience to manually update with your customizations

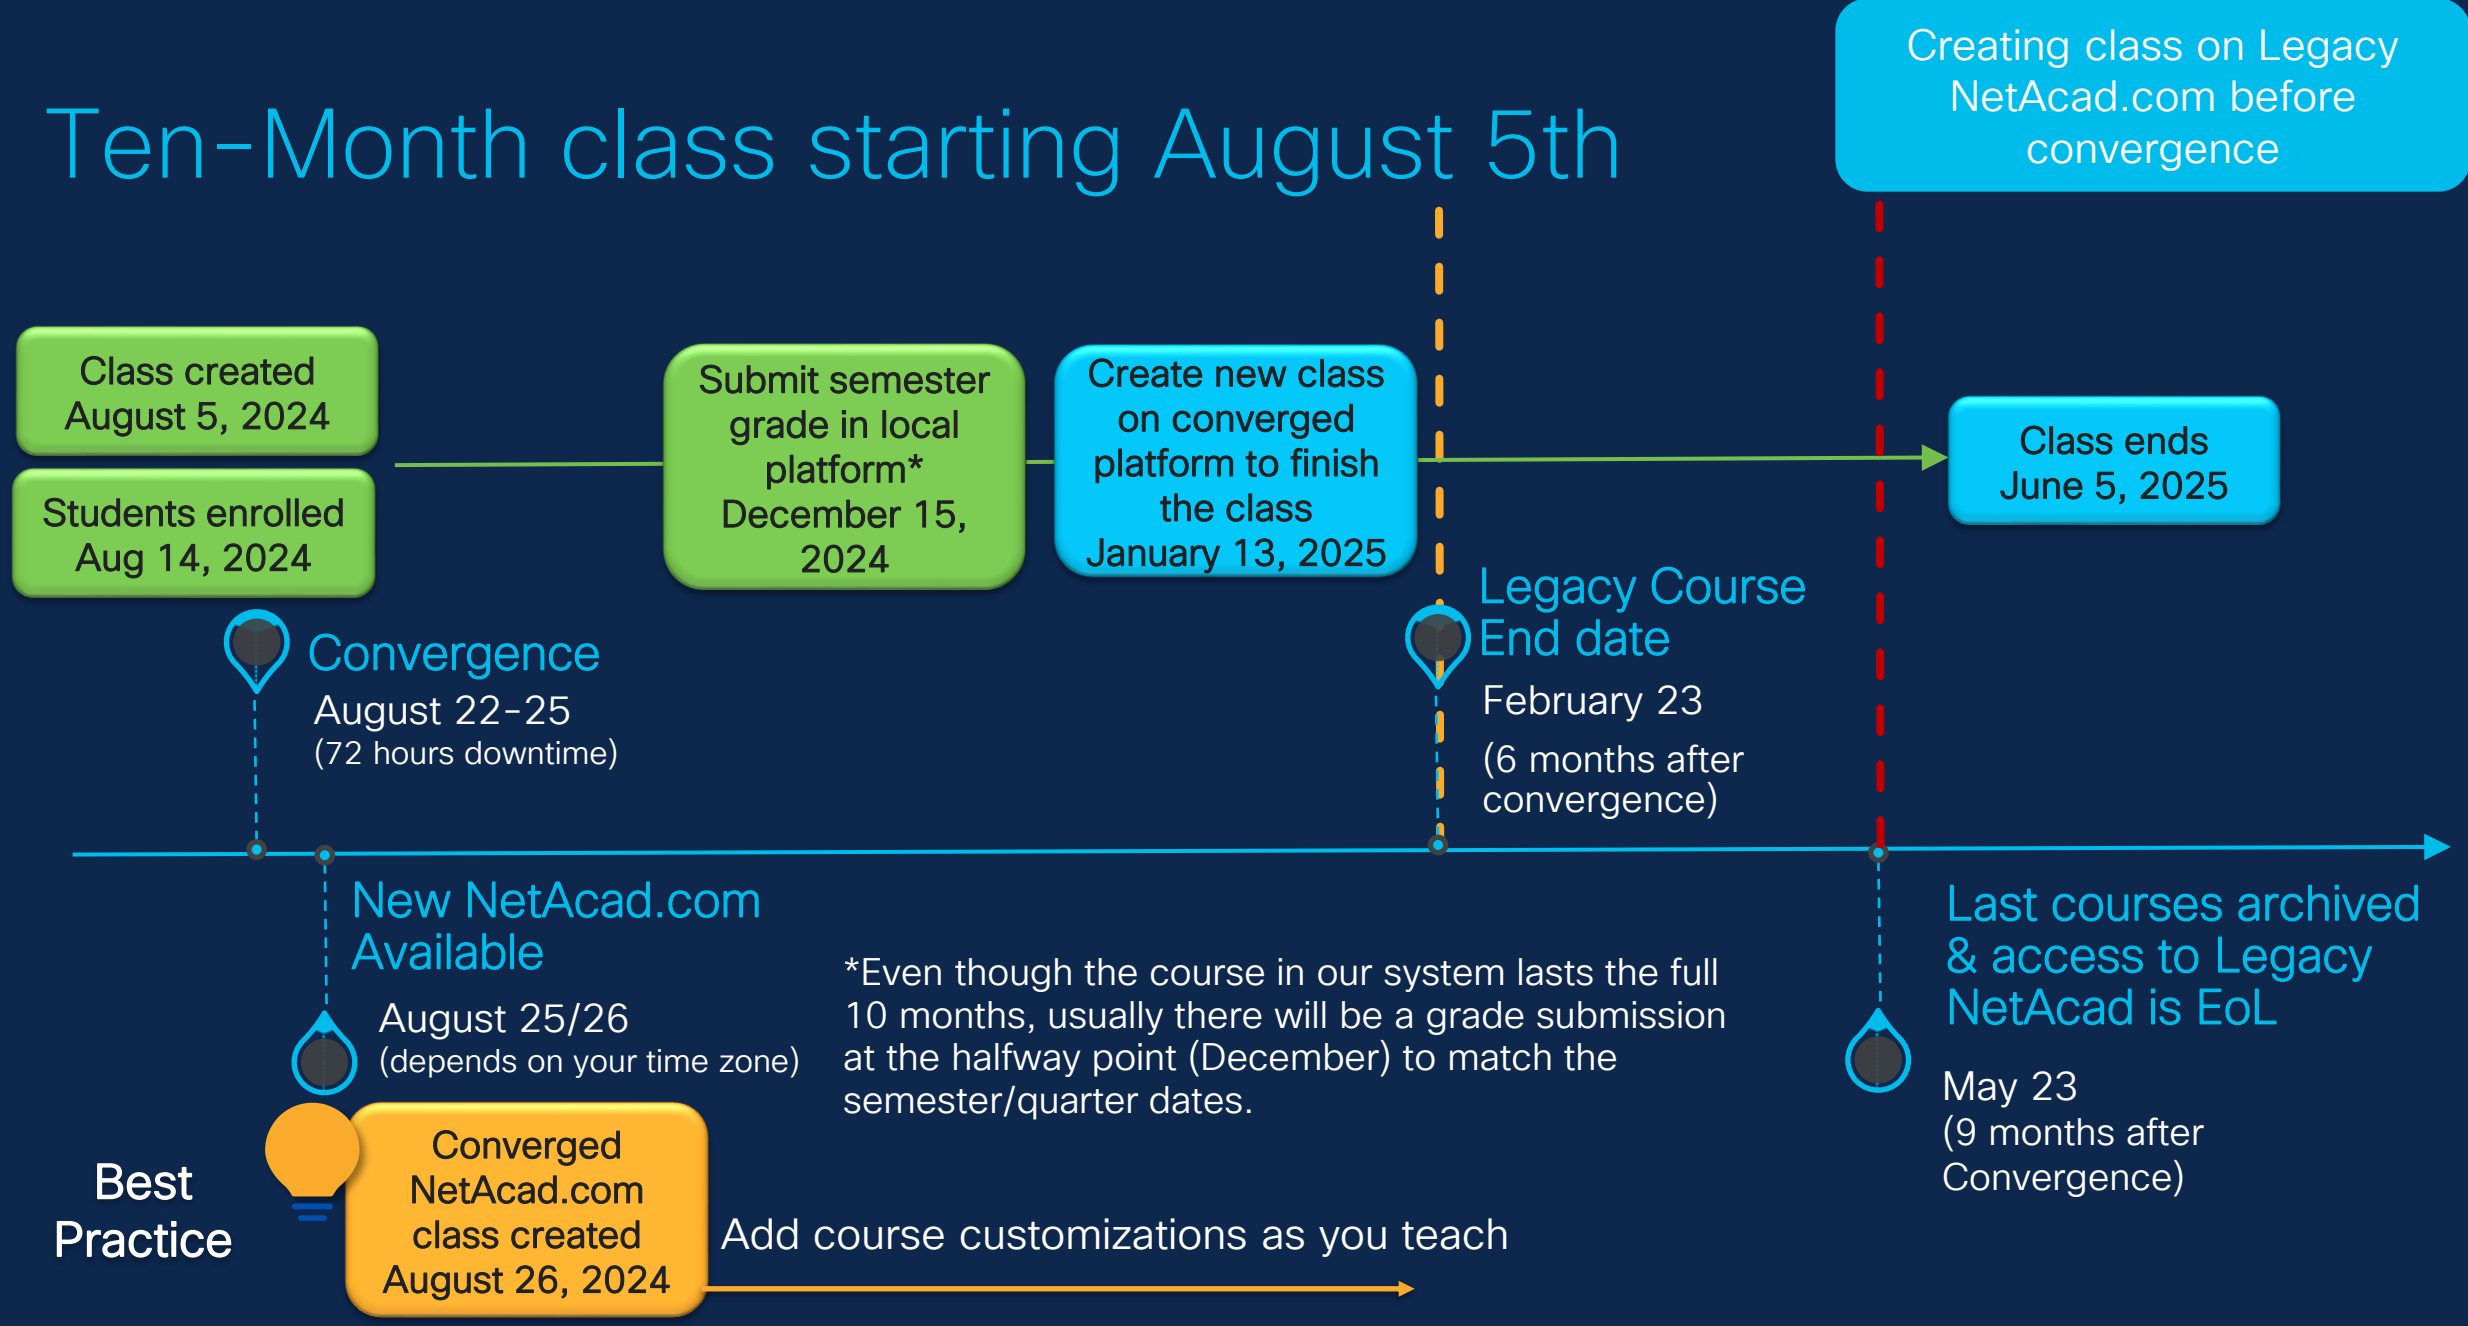
© 2024 Cisco and/or its affiliates. All rights reserved.

CCNA: Enterprise Networking, Security, and Automation (ENSA) Scenario



© 2024 Cisco and/or its affiliates. All rights reserved. Cisco Confidential

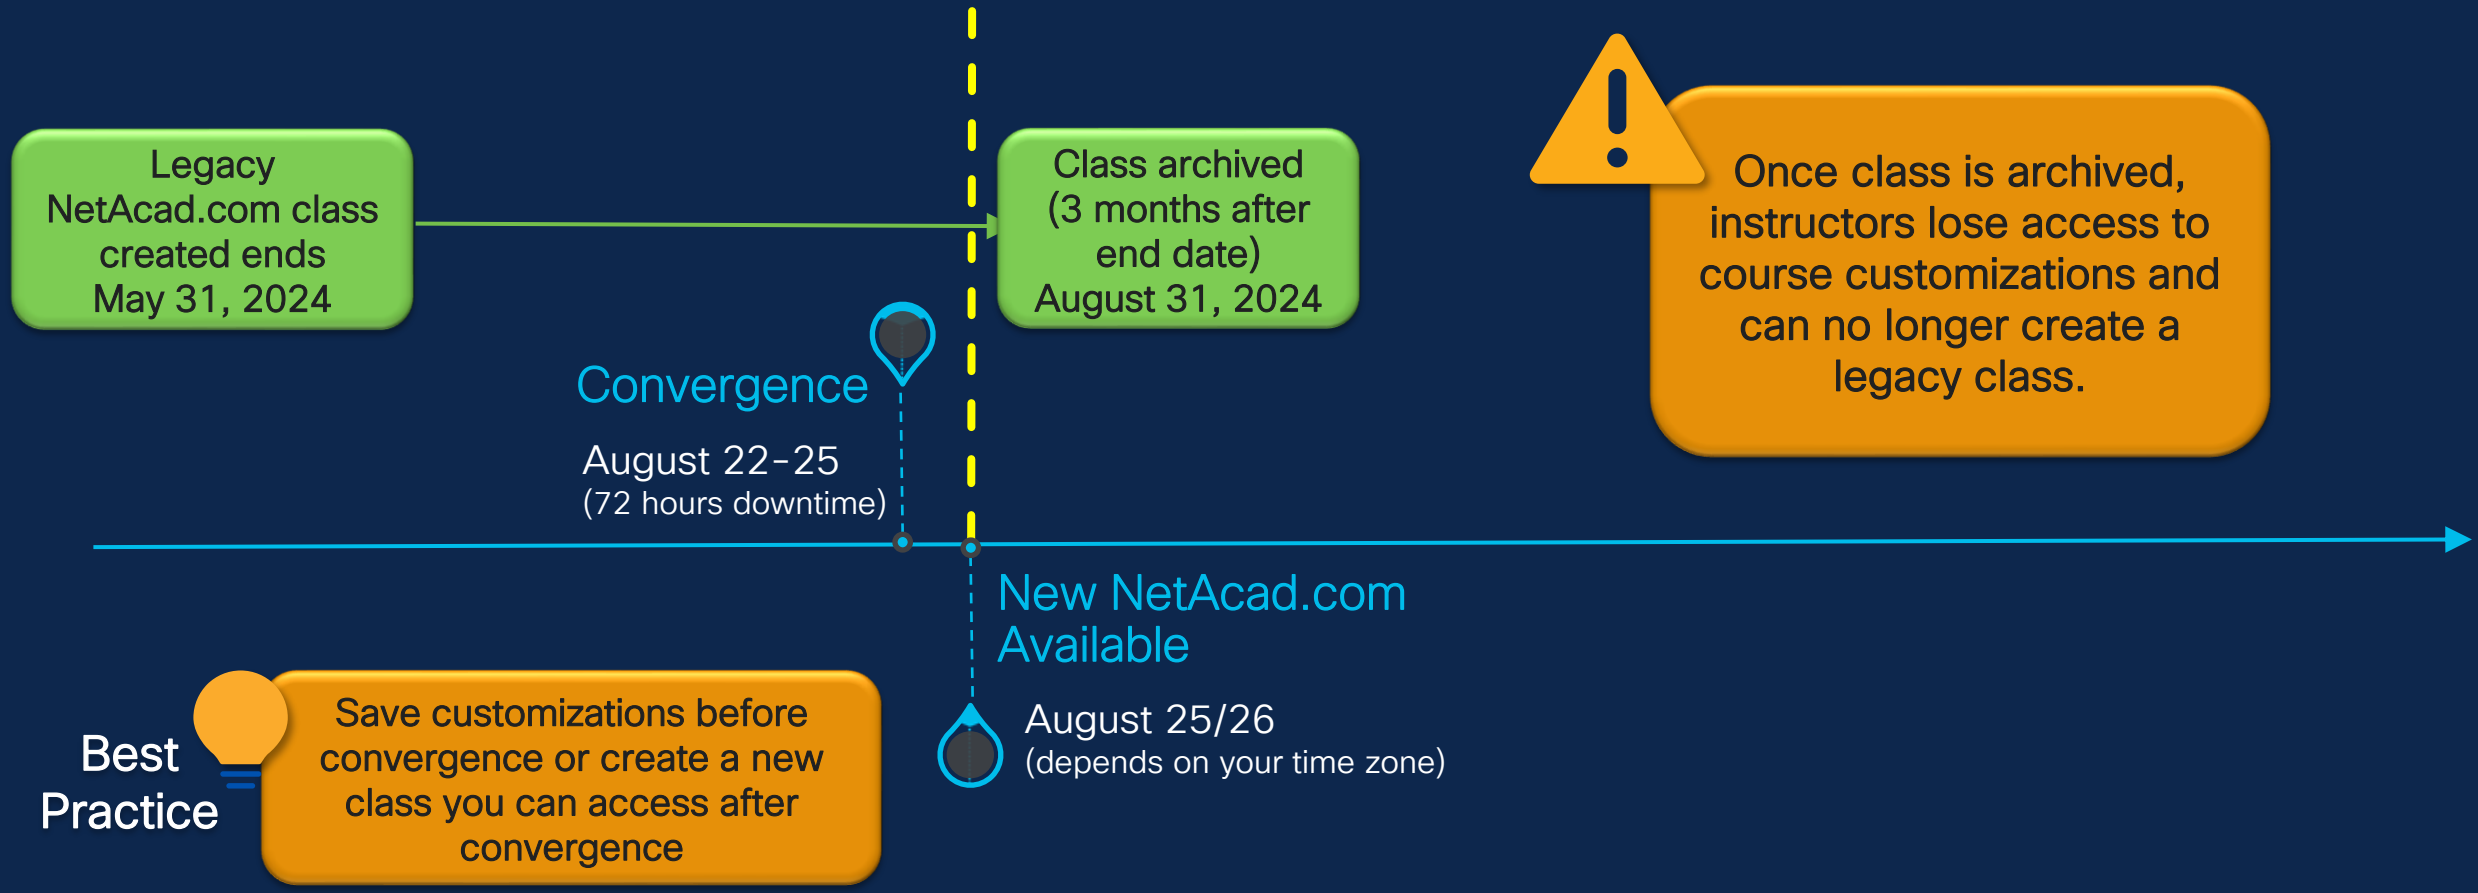
Ten-Month class starting August 5th



© 2024 Cisco and/or its affiliates. All rights reserved. Cisco Confidential

Access to Class Customizations with Archiving

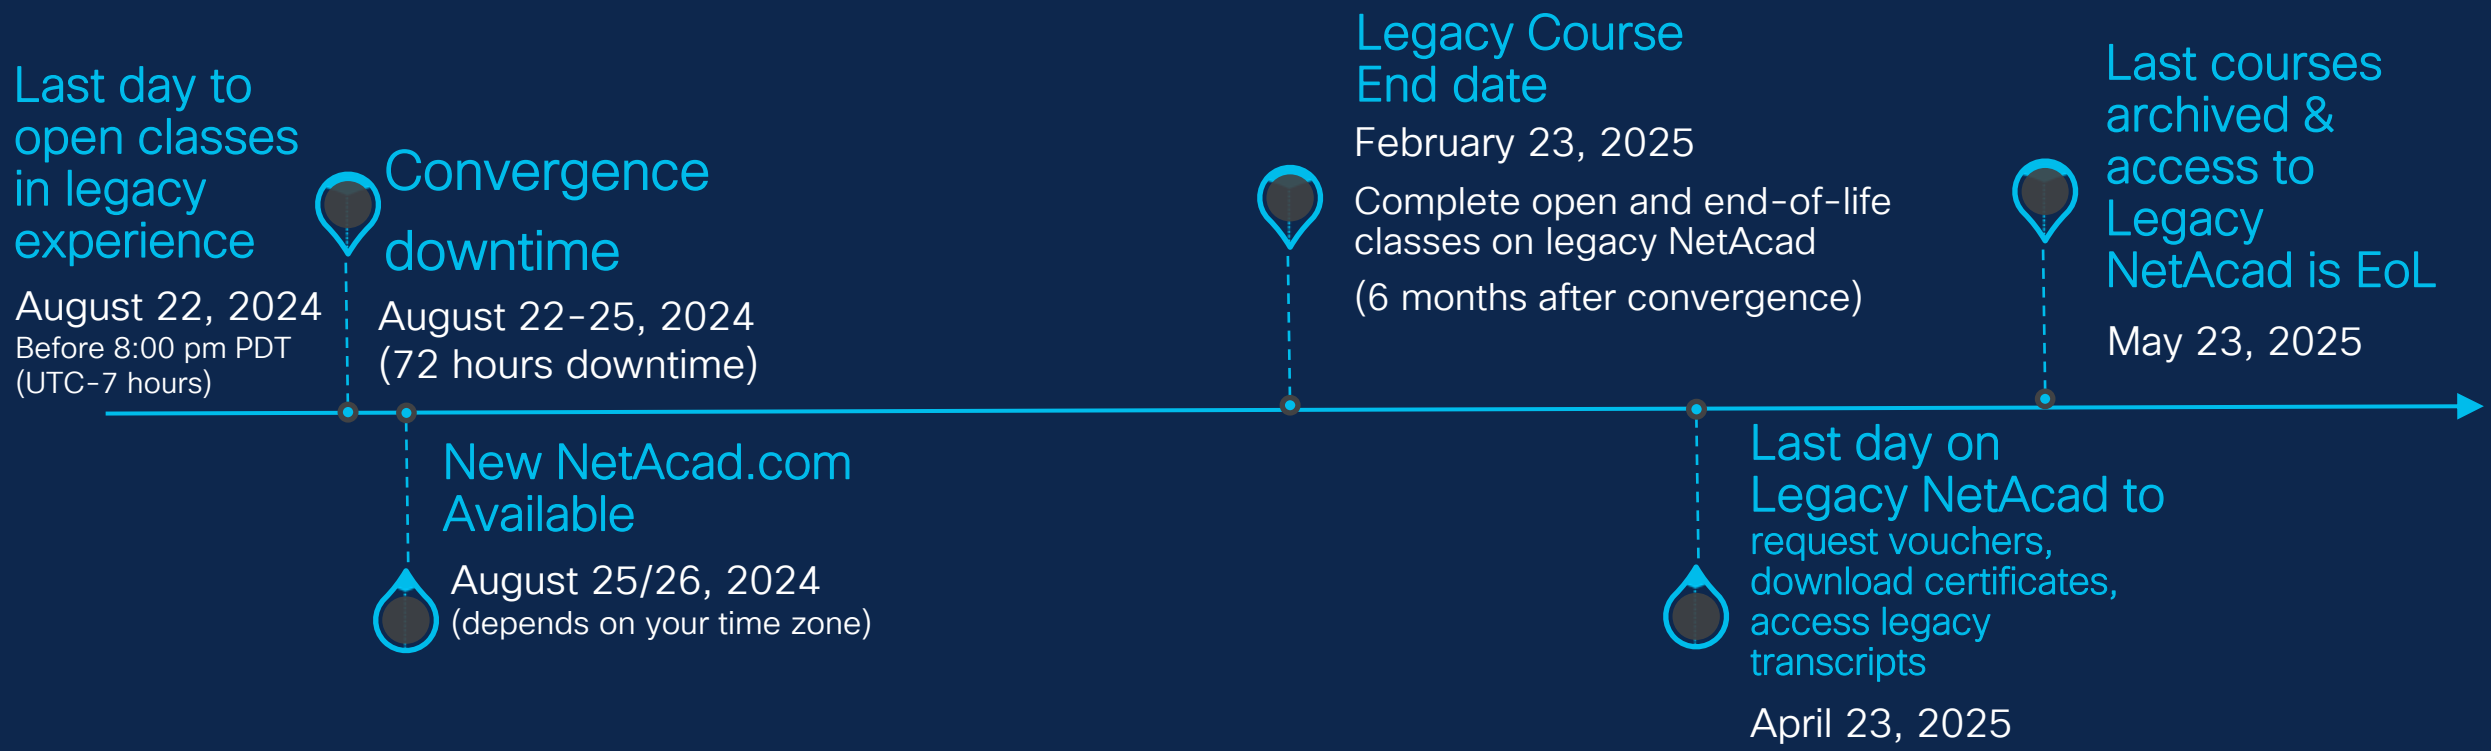
- Classes automatically archived 3 months after end of class



© 2024 Cisco and/or its affiliates. All rights reserved. Cisco Confidential

Timeline for Legacy NetAcad.com classes

Instructors will have 6 months to complete open classes on NetAcad.com legacy experience as well as classes that are on the End-of-Life (EOL) list so as not to disrupt education terms around the globe. This timeline applies to classes opened on NetAcad.com BEFORE Convergence. After convergence, no new classes can be opened to teach on the legacy experience.



© 2024 Cisco and/or its affiliates. All rights reserved.

Sneak Peek – CCNA Content in new User Interface

Course Outline | Resources

Search course outline

- Module 1: Basic Device Configuration — 70%
- Module 2: Switching Concepts
- Module 3: VLANs
- Module 4: Inter-VLAN Routing — 86%
  - 4.0. Introduction 2 / 2
  - 4.1. Inter-VLAN Routing Operation 4 / 5
  - 4.2. Router-on-a-Stick Inter-VLAN Routing 6 / 8
    - 4.2.1 Router-on-a-Stick Scenario
    - 4.2.2 S1 VLAN and Trunking Configuration
    - 4.2.3 S2 VLAN and Trunking Configuration
    - 4.2.4 R1 Subinterface Configuration
    - 4.2.5 Verify Connectivity Between PC1 and PC2
    - 4.2.6 Router-on-a-Stick Inter-VLAN Routing Verification
    - 4.2.7 Packet Tracer - Configure Router-on-a-Stick Inter-VLAN Routing
    - 4.2.8 Lab - Configure Router-on-a-Stick Inter-VLAN Routing

4.2.1 Router-on-a-Stick Scenario | EN

4.2.1 Router-on-a-Stick Scenario

In the previous topic, three different ways to create inter-VLAN routing were listed, and legacy inter-VLAN routing was detailed. This topic details how to configure router-on-a-stick inter-VLAN routing. You can see in the figure that the router is not in the center of the topology but instead, appears to be on a stick near the border, hence the name.

In the figure, the R1 GigabitEthernet 0/0/1 interface is connected to the S1 FastEthernet 0/5 port. The S1 FastEthernet 0/1 port is connected to the S2 FastEthernet 0/1 port. These are trunk links that are required to forward traffic within and between VLANs.

User Roles in converged NetAcad.com

© 2024 Cisco and/or its affiliates. All rights reserved.

Simplifying user roles at convergence

© 2024 Cisco and/or its affiliates. All rights reserved.

Contact –> Contact

Who is impacted?

- If you have the Contact role at an institution today, you will have it at convergence.

What changes?

- At convergence Contacts will be able to do everything they can do today PLUS:
  - Add a second Contact at the same institution

Overview of Contact Privileges

- View/accept/end agreement
- Request legal name change
- Manage support relationships
- View ASC Dashboard (only at ASCs)
- Change institution details
- View institution recognitions
- Create/delete classes
- Enroll/unenroll students & instructors
- Add/remove a second Contact role
- Add/remove Staff and Instructor roles
- Access support: chatbot, live agent chat, create cases

© 2024 Cisco and/or its affiliates. All rights reserved.

Advisor -> Staff

Who is impacted?

- If you have the Advisor role at an institution today, you will have the Staff role at convergence.

What changes?

- At convergence Advisors will be able to do everything they can do today **EXCEPT**:
  - Manage support relationships

- If your Contact is not involved in the day-to-day management, then add someone who is as the second Contact

Overview of Staff Privileges

- View agreement
- View support relationships
- View ASC Dashboard (only at ASCs)
- Change institution details
- View institution recognitions
- Create/delete classes
- Enroll/unenroll students & instructors
- Add/remove Staff and Instructor roles
- Access support: chatbot, live agent chat, create cases

© 2024 Cisco and/or its affiliates. All rights reserved.

ASC Academy Specialist -> Staff

Who is impacted?

- If you have the ASC Academy Specialist role at an institution today, you will have the Staff role at convergence.

What changes?

- Just the name. At convergence Staff will be able to do everything an ASC Academy Specialist can do today.

Overview of Staff Privileges

- View agreement
- View support relationships
- View ASC Dashboard (only at ASCs)
- Change institution details
- View institution recognitions
- Create/delete classes
- Enroll/unenroll students & instructors
- Add/remove Staff and Instructor roles
- Access support: chatbot, live agent chat, create cases

cisco
© 2024 Cisco and/or its affiliates. All rights reserved.

Staff -> Staff

Who is impacted?

- If you have the Staff role at an institution today, you will have it at convergence.

What changes?

- You will be able to do everything you can do today PLUS:
  - View the ASC Dashboard (so long as you have the Staff role at an ASC)

Overview of Staff Privileges

- View agreement
- View support relationships
- View ASC Dashboard (only at ASCs)
- Change institution details
- View institution recognitions
- Create/delete classes
- Enroll/unenroll students & instructors
- Add/remove Staff and Instructor roles
- Access support: chatbot, live agent chat, create cases

cisco © 2024 Cisco and/or its affiliates. All rights reserved.

Comparison of Instructor and Facilitator roles today

	Instructor	Facilitator
DIFFERENT	• Must get Accreditation from an ITC to be an instructor in classes requiring it • Create/delete classes • Enroll/unenroll students & instructors	• Does not need Accreditation from an ITC to be a Facilitator in classes requiring it • Must be enrolled into a class by another
SAME	• Launch classes • Add custom content and resources • Create, customize, and grade assignments • Customize the gradebook • Mark students complete • Access support: chatbot, live agent chat, create support cases	• Launch classes • Add custom content and resources • Create, customize, and grade assignments • Customize the gradebook • Mark students complete • Access support: chatbot, live agent chat, create support cases

cisco

Instructor -> Instructor

Who is impacted?

- If you have the Instructor role at an institution today, you will have it at convergence.

What changes?

- You will be able to do everything you can do today PLUS:
  - be enrolled as a non-accredited instructor into a class requiring accreditation (so long as at least one accredited instructor is already enrolled)

Overview of Instructor Privileges

- Obtain Accreditation from an ITC
- Be enrolled as a non-accredited instructor in classes requiring Accreditation (so long as there is at least one accredited instructor)
- Create/delete classes
- Enroll/unenroll students & instructors
- Launch classes
- Add custom content and resources
- Create, customize, and grade assignments
- Customize the gradebook
- Mark students complete (must have Accreditation to do so in classes requiring Accreditation)
- Access support: chatbot, live agent chat, create support cases

cisco
© 2024 Cisco and/or its affiliates. All rights reserved.

Facilitator -> Instructor

Who is impacted?

- If you have the Facilitator role today, you will NOT get the Instructor role on the converged NetAcad experience.
  - A Contact or Staff user at your institution will have to grant you the Instructor role.
- Facilitators will remain Facilitators for in-progress classes on the legacy NetAcad experience.

What changes?

- At convergence Non-accredited Instructors can do everything Facilitators can do today EXCEPT:
  - Mark students complete in classes requiring Accreditation

Overview of Instructor Privileges

- Obtain Accreditation from an ITC
- Be enrolled as a non-accredited instructor in classes requiring Accreditation (so long as there is at least one accredited instructor)
- Create/delete classes
- Enroll/unenroll students & instructors
- Launch classes
- Add custom content and resources
- Create, customize, and grade assignments
- Customize the gradebook
- Mark students complete (must have Accreditation to do so in classes requiring Accreditation)
- Access support: chatbot, live agent chat, create support cases

cisco © 2024 Cisco and/or its affiliates. All rights reserved.

Student -> Student

Who is impacted?

- If you have the Student role today, then you will have it at convergence.

What changes?

- Nothing, not even the name.

Overview of Student Privileges

- Enroll, launch, and complete classes
- View, request, claim, and/or print Certificates of Completion, Badges, and Certification Exam Discounts
- View learning history

© 2024 Cisco and/or its affiliates. All rights reserved.

Simplifying user roles at convergence

ITC Instructor Training after Convergence

For CCNA, CyberOps Associate, DevNet Associate and CCNP

Two Requirements:

- Accredited to teach course to students
- Have the Instructor Role at Instructor Training Center (ITC)

Recommendations:

- Certified in the courses they teach

NOTE: the current manual accreditation process ends at convergence

© 2024 Cisco and/or its affiliates. All rights reserved.

Instructor Resources

© 2024 Cisco and/or its affiliates. All rights reserved.

Upcoming Instructor Convergence Sessions

Watch for Communication for July/August Sessions.

Topics include:

- Preserving customizations from Legacy NetAcad.com
- Setting up courses on Converged NetAcad.com
- Demoes showing CCNA & IT Essentials course templates and compare tasks on Moodle to Converged Platform

After Convergence:

- Office Hours August – September

© 2024 Cisco and/or its affiliates. All rights reserved.

Demo Scripts & Helpful Links

Goal: The objective of this script is to provide an easy follow-through for anyone to make a demo of the basic functionalities of the current SkillsforAll.com platform, focusing on course customizations.

February IPD Week presented the first Demo sessions
